

COMPLETION OF TARCOOLA PHASE 1 DRILLING PROGRAMME

HIGHLIGHTS

- Successful completion of Tarcoola Phase 1 drilling programme on Perseverance Open Pit extensions
- Total of 5,328 metres drilled across 37 holes during 24 days of drilling
- Geological interpretation and Mineral Resources Estimate to follow assay and geochemical analyses

Completion of Phase 1 Drilling Programme

Barton Gold Pty Ltd (**Barton** or the **Company**) is pleased to announce that its Tarcoola Phase 1 drilling programme has been successfully concluded for a total of 37 drill holes completed over 24 days of active drilling.

A total 5,328 metres of drilling was completed at the Perseverance Pit, targeting extensions in the Deliverance and Eclipse (S/SW of pit) and Morning Star zones (east). Additionally, two holes (TBM0035 and TBM0037 below) were completed to test the potential immediate depth extensions of the Perseverance Pit (Perseverance Deep).

Tarcoola Phase 1 Holes & Traces on Orthoimagery

Samples will be sent next week to MinAnalytical in Perth for photon assay and multi-element geochemical analyses, with results expected to be delivered to Barton throughout the month of September.

Following receipt of all laboratory analyses the Company will complete an updated geological model through its geological consultants Mining Plus and expects to publish an updated Mineral Resources Estimate thereafter.

“We are very pleased to have successfully concluded our Phase 1 drilling after many months of work and planning, and we especially thank our team, technical partners and fellow stakeholders who have been essential in facilitating our rapid progress at the Tarcoola Project. We look forward to sharing assay and geology results as they become available, and to planning our Phase 2 drilling programme following Phase 1 analysis.”

ABOUT BARTON GOLD:

Barton Gold Pty Ltd is a privately held Australian gold acquisition and development company with a primary focus on low-capital-cost developments and optimisations of existing mines and processing infrastructure. Current major projects include the Company's South Australian Tarcoola Project which hosts the high-grade Perseverance open pit gold mine and the neighbouring Tunkillia Gold Project which is South Australia's largest undeveloped gold-only Resource.

The Company's leadership and team include experienced natural resources investment and development professionals, and the Company's technical and execution capability are strengthened through its technical alliances with Australia's leading mine geology, mine engineering, processing and contract operations teams.
