

### Barton Gold Over-Subscribed IPO Closed Early

#### HIGHLIGHTS

- **IPO Offer significantly over-subscribed, now closed**

Barton Gold Holdings Limited (**Barton** or the **Company**) is pleased to announce that it has now closed its initial public offer (the **Offer**).\*

The Offer was significantly over-subscribed with strong support from international institutional and Australian institutional and retail investors.

The Company will now continue working to finalise the process for admission to the ASX.

#### **Commenting on the closing of the Offer, Barton Managing Director, Alexander Scanlon, said:**

*"We are pleased to receive such strong support from the market for Barton's initial public offer.*

*The Company is focused on reviving gold exploration in the historically under-invested central Gawler Craton by bringing a modern, exploration-driven approach to what is a richly mineralised and proven gold producing district.*

*Our recent technical work has identified considerable new discovery potential across multiple large-scale systems. The Company expects to test our priority drilling targets quickly, with drilling set to commence during July."*

## Previously Reported Information

The information relating to Exploration Results and Mineral Resources in this announcement is extracted from the Company's Prospectus dated 14 May 2021, available via the Company's website at [www.bartongold.com.au](http://www.bartongold.com.au). The Company confirms that it is not aware of any new information or data that materially affects the Exploration Results and Mineral Resource information included in the Prospectus and, in the case of estimates of Mineral Resources, that all material assumptions and technical parameters underpinning the estimates in the Prospectus continue to apply and have not materially changed. The Company confirms that the form and context in which the applicable Competent Persons' findings are presented have not been materially modified from the Prospectus.

## Cautionary Statement Regarding Forward-Looking Information

This document may contain forward-looking statements. Forward-looking statements are often, but not always, identified by the use of words such as "seek", "anticipate", "believe", "plan", "expect", "target" and "intend" and statements than an event or result "may", "will", "should", "would", "could", or "might" occur or be achieved and other similar expressions. Forward-looking information is subject to business, legal and economic risks and uncertainties and other factors that could cause actual results to differ materially from those contained in forward-looking statements. Such factors include, among other things, risks relating to property interests, the global economic climate, commodity prices, sovereign and legal risks, and environmental risks. Forward-looking statements are based upon estimates and opinions at the date the statements are made. Barton undertakes no obligation to update these forward-looking statements for events or circumstances that occur subsequent to such dates or to update or keep current any of the information contained herein. Any estimates or projections as to events that may occur in the future (including projections of revenue, expense, net income and performance) are based upon the best judgment of Barton from information available as of the date of this document. There is no guarantee that any of these estimates or projections will be achieved. Actual results will vary from the projections and such variations may be material. Nothing contained herein is, or shall be relied upon as, a promise or representation as to the past or future. Any reliance placed by the reader on this document, or on any forward-looking statement contained in or referred to in this document will be solely at the readers own risk, and readers are cautioned not to place undue reliance on forward-looking statements due to the inherent uncertainty thereof.
